STRUCTURAL CERTIFICATION REPORT

Roof-mounted Solar Panels

October 21, 2022

To: Arch Solar
1237 Pilgrim Road
Plymouth, WI 53073

Re: Crystal Kichura
918 Jessie Ln
Random Lake, WI 53075

Arch Solar proposes to install new roof-mounted solar panels at this residence and asked *Right Angle Engineering* to review the existing structure for suitability. This letter summarizes the methods that were used to survey, evaluate, and certify the existing roof framing and the attachment of the new solar panels to it. Pictures and calculations are available on request.

STRUCTURAL DESIGN

Building Code: International Residential Code 2018
Design Standards: ASCE 7-16
Snow: Ground: $p_g = 35.0$ psf | Flat Roof: $p_f = 24.26$ psf | Sloped Roof: $p_s = 17.79$ psf
Wind: Basic Wind Speed = 115.0 mph | Exposure = C
Seismic: Risk Category = 2 | Seismic Design Category = A | Site Class = D

STRUCTURAL FRAMING

Field Technicians from Arch Solar visited the site and observed the existing roof framing:

Array Name	Panel Quantity	Roof Framing	Material	Pitch
Array 1	19	2x6 Rafter DF#2 16" o.c.	Asphalt Shingles	26

ANCHORAGE

The solar panel anchorage shall be installed according to the manufacturer's most current installation manual. Anchorage shall be staggered to distribute the load evenly to adjacent roof members. The solar panels should be mounted flush to the roof surface.

Array Name	Connection Type	Fastener	Max Anchorage Spacing
Array 1	FlashFoot2	5/16" or 18/8 SS lag screw (2.5" embedment) into roof substructure	72"

Installation Instructions

Solar panels and the equipment shall be installed per the manufacturer's installation specifications. Improper installation will void this certification. Deviations from the approved structural plans (including equipment substitutions) are not allowed without written approval from Right Angle Engineering. Prior to installation, the installer should:

- Confirm that the existing structure matches the information provided in the structural survey, the approved installation plans and this certification.
- Identify discrepancies between this certification and the approved installation plans. If found, then this certification shall govern.
- Identify structural elements that are dangerous (cracked, broken, excessive sag, signs of overstress, rot, decay, fire, water). If found, installation shall cease until those elements are adequately abated and made to comply with the referenced building code.
- Provide fire setbacks and access pathways as required by local ordinances

STRUCTURAL CERTIFICATION

I certify the addition of solar panels on the roof of this structure does not cause the structure to become unsafe or make it generally less compliant with the life-safety requirements of the referenced building code. Based on the evaluation methods described below, for the loads that exist at this site, the existing framing should safely support the new solar panels if they are installed and attached correctly. Electrical design is not included in this certification.

Array Name	Certification Method	Retrofits
Array 1	Prescriptive method International Existing Building code	None required

BREAKING THE 20 % EFFICIENCY BARRIER

Q. ANTUM DUO Z Technology with zero gap cell layout boosts module efficiency up to 20.9 %.

THE MOST THOROUGH TESTING PROGRAMME IN THE INDUSTRY

Q CELLS is the first solar module manufacturer to pass the most comprehensive quality programme in the industry: The new "Quality Controlled PV" of the independent certification institute TÜV Rheinland.

INNOVATIVE ALL-WEATHER TECHNOLOGY

Optimal yields, whatever the weather with excellent low-light and temperature behaviour.

ENDURING HIGH PERFORMANCE

Long-term yield security with Anti LID Technology, Anti PID Technology¹, Hot-Spot Protect and Traceable Quality Tra.Q™.

EXTREME WEATHER RATING

High-tech aluminium alloy frame, certified for high snow (5400 Pa) and wind loads (4000 Pa).

A RELIABLE INVESTMENT

Inclusive 25-year product warranty and 25-year linear performance warranty².

Engineered in Germany

Enphase IQ 7 and IQ 7+ Microinverters

The high-powered smart grid-ready **Enphase IQ 7 Micro™** and **Enphase IQ 7+ Micro™** dramatically simplify the installation process while achieving the highest system efficiency.

Part of the Enphase IQ System, the IQ 7 and IQ 7+ Microinverters integrate with the Enphase IQ Envoy™, Enphase IQ Battery™, and the Enphase Enlighten™ monitoring and analysis software.

IQ Series Microinverters extend the reliability standards set forth by previous generations and undergo over a million hours of power-on testing, enabling Enphase to provide an industry-leading warranty of up to 25 years.

Easy to Install

- Lightweight and simple
- Faster installation with improved, lighter two-wire cabling
- Built-in rapid shutdown compliant (NEC 2014 & 2017)

Productive and Reliable

- Optimized for high powered 60-cell and 72-cell* modules
- More than a million hours of testing
- Class II double-insulated enclosure
- UL listed

Smart Grid Ready

- Complies with advanced grid support, voltage and frequency ride-through requirements
- Remotely updates to respond to changing grid requirements
- Configurable for varying grid profiles
- Meets CA Rule 21 (UL 1741 SA)

*The IQ 7+ Micro is required to support 72-cell modules

Project Name: Curt Barclay

Project Address: 89 E Shore Dr , Random Lake, WI, 53075

Contractor : Endries Solar & Electric LLC

Contractor Address : 200 S Business Park Dr Suite 5, Oostburg, WI 53070

Attn : To Whom It May Concern

A Field observation of the condition of the existing framing system was performed by an audit team from **Endries Solar & Electric LLC**. From the Field observation of the property, the existing roof structure observed as follows:

- Existing roof is supported by **2 x 6 @ 16"** rafters at the solar array. The rafters are sloped at approximately **30 degree** and have maximum projected horizontal span of **14 feet** in between load bearing supports.

Design Criteria

- Applicable codes: Uniform Dwelling Code (UDC)
SPS 321-325 One & Two Family Buildings
- Ground Snow Load: 30 psf
- Roof Dead Load: 20 psf
- Wind speed: 125 mph
- Risk Category: II

Date Certified and
Signed: 10/07/2022

I certify that the capacity of the structural roof framing that directly supports the additional gravity loading due to the solar panel supports and modules had been reviewed and determined to meet or exceed the requirements in accordance with the Design Criteria.

Prepared for : Endries Solar & Electric LLC, 200 S Business Park Dr Suite 5, Oostburg, WI 53070

Project.: Curt Barclay , 89 E Shore Dr , Random Lake, WI, 53075

The following calculations are for the structural engineering design of the photovoltaic panels and are valid only for the structural info referenced in the stamped plan set. The verification of such info is the responsibility of others. After review, I certify that the roof structure has sufficient structural capacity for the applied PV loads. All PV mounting equipment shall be designed and installed per manufacturer's approved installation specifications.

Limits of Scope of Work and Liability

Existing structure is assumed to have been designed and constructed following appropriate codes at time of erection, and assumed to have appropriate permits. The calculations produced are only for the roof framing supporting the proposed PV installation referenced in the stamped planset and were completed according to generally recognized structural analysis standards and procedures, professional engineering and design experience, opinions and judgements. Existing deficiencies which are unknown or were not observable during time of inspection are not included in this scope of work. All PV modules, racking, and mounting equipment shall be designed and installed per manufacturer's approved installation specifications. The Engineer of Record and Engineerinc assume no responsibility for misuse or improper installation. This analysis is not stamped for water leakage. Framing was determined based on information in provided plans and/or photos, along with engineering judgement. Prior to commencement of work, the contractor shall verify the framing sizes, spacings, and spans noted in the stamped plans, calculations, and cert letter (where applicable) and notify the Engineer of Record of any discrepancies prior to starting construction. Contractor shall also verify that there is no damaged framing that was not addressed in stamped plans, calculations, and cert letter (where applicable) and notify the Engineer of Record of any concerns prior to starting construction. Prior to the commencement of work, the contractor shall verify the existing roof and framing conditions. Notify Engineerinc and the engineer of record of any Discrepancies prior to starting construction. Prior to the commencement of work, the contractor shall inspect framing for any damage such as water damage, cracked framing, etc. and notify the E.O.R. if any issues are found. These plans/calculations are stamped for structural code compliance of the roof framing supporting the proposed PV installation reference only. These plans/calculations are not stamped for water leakage. PV modules, racking, and attachment components must follow manufacturer guidelines and requirements.

Dear Ms. Waala:

Thank you for requesting a loan application from the BCPL State Trust Fund Loan Program. Your application is attached, along with associated forms and directions. Please look through these documents and call us with any questions.

Please check your application to confirm the correct amount, rate, term, and purpose of the loan. The application interest rate should correspond to the current interest rates for BCPL General Obligation Trust Fund loans:

General Obligation Loan Rates:

2 Years	5.50%
3 – 5 Years	5.50%
6 – 10 Years	5.25%
11 – 20 Years	5.25%

Your interest rate is now locked at the above level for 60 days. To maintain that interest rate lock and prevent the possibility of needing to re-start the loan process from the beginning, BCPL needs to receive a properly completed loan application within 60 days from the date of this letter.

Following approval of the Application and Borrowing Resolution by your Board, the application must be completed and returned to BCPL along with the meeting minutes and the Anticipated Schedule of Disbursements. To provide enough time for internal reviews, loan processing, and assembling of our Board agenda materials, completed documents must be received a minimum of eight (8) calendar days before the next BCPL board meeting. The BCPL Board meets the first and third Tuesdays of each month.

BCPL requests that all Borrowers provide digital photographs of the projects that we finance (if applicable). We use these photos for promotional materials regarding the BCPL State Trust Fund Loan Program. Please remember to email a few high-resolution digital photographs, and be sure to include photographer credit information. We thank you in advance.

If you have questions regarding any of the documentation required by BCPL, the application process or the status of your application, please call me at 608-266-0034 or email me at richard.sneider@wisconsin.gov.

Sincerely,

Richard Sneider, CFA, CIPM
Chief Investment Officer

**BCPL State Trust Fund Loan Program
Application Checklist**

**The application must be completed and submitted on the original paper supplied by BCPL.
No copies will be accepted and any alterations will void the application.**

Please check the following items prior to submitting your application:

- Confirm that each blank is filled in. Please check every page carefully.
 - Confirm that all required signatures are present. Original signatures are essential as signature stamps will void the application.
 - Confirm that all voting members of your Board or Council are listed and that each vote is properly recorded. If a voting member is absent from the meeting, please write or type "Absent" in the vote area.
 - Confirm that meeting dates are accurate. If you are unsure which meeting the application is referring to, please contact us.
 - Confirm that the Total Equalized Valuation you are providing is from the most recent year available. This information is generally available on the Wisconsin Department of Revenue website. If you have any Tax Incremental Districts, please use TID IN valuation.
 - Confirm that each General Obligation debt has been listed with the principal balance as of the certification date. If your municipality has no outstanding debt, list "None" under name of creditor and enter -0- as the total indebtedness.
- ***If you require additional space to list individual debts or wish to submit the current debt schedule in a different format, you may include an attachment to the debt page. DO NOT COMPLETE THE SAMPLE FORM BELOW! Type the following certification language on the attachment and return it with your application:***

1. Type the following phrase as the page header:

"Attachment to Page ____ of BCPL State Trust Fund Loan Application ID# 05605699"

2. Below the loan schedule, type and complete the following:

I hereby certify that all general obligation debts of the _____ of _____, in the County of _____, State of Wisconsin, are included in the above schedule, and that this schedule is true and correct as of _____, 201__.

Application Checklist**

- A copy of the minutes from the meeting at which the Resolution to Borrow Funds and Levy Tax was presented and approved is required to process the application. This meeting must take place following your receipt of the application. Please make certain that the resolution approved by your board or council is the exact resolution contained in the application. The minutes from this meeting should also contain this language.
- Mail the completed application and meeting minutes to the address below:
Board of Commissioners of Public Lands
P.O. Box 8943
Madison, WI 53708-8943
- For overnight (non-USPS) delivery, please note that our street address has a different zip code:
Board of Commissioners of Public Lands
101 E. Wilson Street, 2nd Floor
Madison, WI 53703

Upon receipt, BCPL staff will review your application and contact you if any additional information or corrections to the application are required.

To allow time for internal reviews, BCPL needs to receive your completed application a minimum of 8 days in advance of our Board's next scheduled board meeting. The BCPL Board meets the first and third Tuesday of each month. Following approval by the BCPL loan committee and a legal review by the office of the Attorney General, the application will be placed on the agenda for the next available board meeting.

Following board approval, there are a few additional steps and your loan may be funded in 5-10 days. All draws must be made within four months of the board approval date.

BCPL appreciates having photographs of the projects that we help finance. We use these photos both internally and for publishing of promotional materials regarding the BCPL State Trust Fund Loan Program. If possible, please forward high-resolution, digital photographs of the project being financed. Be sure to include information on who should be given credit for the photos. We thank you in advance.

TO: BOARD OF COMMISSIONERS OF PUBLIC LANDS

We, the undersigned president and clerk of the Village of **Random Lake**, in the County(ies) of **Sheboygan**, Wisconsin, in accordance with the provisions of Chapter 24 of the Wisconsin Statutes, do hereby make application for a loan of **One Million Seven Hundred Thousand Four Hundred Fifty And 00/100 Dollars (\$1,700,450.00)** from the Trust Funds of the State of Wisconsin for the purpose of **financing TID #4 projects, capital equipment, fiber project, road projects, and fire settlement.**

The loan is to be continued for a term of **20** years from the 15th day of March preceding the date the loan is made. The loan is to be repaid in annual installments, as provided by law, with interest at the rate of **5.25** percent per annum.

We agree to the execution and signing of such certificates of indebtedness as the Board may prepare and submit, all in accordance with Chapter 24, Wisconsin Statutes.

The application is based upon compliance on the part of the Village with the provisions and regulations of the statutes above referred to, as set forth by the following statements which we do hereby certify to be correct and true.

The meeting of the village board of the Village of **Random Lake**, in the County(ies) of **Sheboygan**, Wisconsin, which approved and authorized this application for a loan was a regularly called meeting held on the _____ day of _____, 20 ____.

At the aforesaid meeting a resolution was passed by a vote of not less than a majority of the members of the village board approving and authorizing an application to the Board of Commissioners of Public Lands, State of Wisconsin, for a loan of **One Million Seven Hundred Thousand Four Hundred Fifty And 00/100 Dollars (\$1,700,450.00)** from the Trust Funds of the State of Wisconsin to the Village of **Random Lake**, in the County(ies) of **Sheboygan**, Wisconsin, for the purpose of **financing TID #4 projects, capital equipment, fiber project, road projects, and fire settlement.** That at the same time and place, the village board of the Village of **Random Lake** by a majority vote of the members, adopted a resolution levying upon all the taxable property in the Village, a direct annual tax sufficient in amount to pay the annual installments of principal and interest, as they fall due, all in accordance with Article XI, Sec. 3 of the Constitution and Sec. 24.66(5), Wisconsin Statutes.

A copy of the aforesaid resolutions, certified to by the village clerk, as adopted at the meeting, and as recorded in the minutes of the meeting, accompanies this application.

A statement of the equalized valuation of all the taxable property within the Village of **Random Lake**, certified to by the president and clerk, accompanies this application.

Given under our hands in the Village of **Random Lake**, County(ies) of **Sheboygan**, Wisconsin, this _____ day of _____, 20 ____.

FORM OF RECORD

The following preamble and resolutions were presented by Trustee _____ and were read to the meeting.

By the provisions of Sec. 24.66 of the Wisconsin Statutes, all municipalities may borrow money for such purposes in the manner prescribed, and,

By the provisions of Chapter 24 of the Wisconsin Statutes, the Board of Commissioners of Public Lands of Wisconsin is authorized to make loans from the State Trust Funds to municipalities for such purposes. (Municipality as defined by Sec. 24.60(2) of the Wisconsin Statutes means a town, village, city, county, public inland lake protection and rehabilitation district, town sanitary district created under Sec. 60.71 or 60.72, metropolitan sewerage district created under Sec. 200.05 or 200.23, joint sewerage system created under Sec. 281.43(4), school district or technical college district.)

THEREFORE, BE IT RESOLVED, that the Village of **Random Lake**, in the County(ies) of **Sheboygan**, Wisconsin, borrow from the Trust Funds of the State of Wisconsin the sum of **One Million Seven Hundred Thousand Four Hundred Fifty And 00/100 Dollars (\$1,700,450.00)** for the purpose of **financing TID #4 projects, capital equipment, fiber project, road projects, and fire settlement** and for no other purpose.

The loan is to be payable within **20** years from the 15th day of March preceding the date the loan is made. The loan will be repaid in annual installments with interest at the rate of **5.25** percent per annum from the date of making the loan to the 15th day of March next and thereafter annually as provided by law.

RESOLVED FURTHER, that there shall be raised and there is levied upon all taxable property, within the Village of **Random Lake**, in the County(ies) of **Sheboygan**, Wisconsin, a direct annual tax for the purpose of paying interest and principal on the loan as they become due.

RESOLVED FURTHER, that no money obtained by the Village of **Random Lake** by such loan from the state be applied or paid out for any purpose except **financing TID #4 projects, capital equipment, fiber project, road projects, and fire settlement** without the consent of the Board of Commissioners of Public Lands.

RESOLVED FURTHER, that in case the Board of Commissioners of Public Lands of Wisconsin agrees to make the loan, that the president and clerk of the Village of **Random Lake**, in the County(ies) of **Sheboygan**, Wisconsin, are authorized and empowered, in the name of the Village to execute and deliver to the Commission, certificates of indebtedness, in such form as required by the Commission, for any sum of money that may be loaned to the Village pursuant to this resolution. The president and clerk of the Village will perform all necessary actions to fully carry out the provisions of Chapter 24 Wisconsin Statutes, and these resolutions.

RESOLVED FURTHER, that this preamble and these resolutions and the aye and no vote by which they were adopted, be recorded, and that the clerk of this Village forward this certified record, along with the application for the loan, to the Board of Commissioners of Public Lands of Wisconsin.

Subject: LAKE VIEW ESTATES
G.L. 4 S 26 T13N R21E
VILLAGE OF RANDOM LAKE, SHEBOYGAN COUNTY

Dear Mr. Stachowski:

You have submitted LAKE VIEW ESTATES for review. The Department of Administration does not object to the final plat bearing the December 17, 2002 revision date on both sheets. We certify that it complies with: s. 236.15, s. 236.16, s. 236.20, and s. 236.21, Wis. Stats.; and ch. Trans 233, Wis. Admin. Code.; and the Sheboygan County Planning & Resources Department.

DEPARTMENT OF ADMINISTRATION COMMENTS:

The Department of Administration has no conditions for this plat.

DEPARTMENT OF TRANSPORTATION:

The Department of Transportation is an objecting agency on this plat. On October 14, 2002 we transmitted two copies to them (Dave Andre, WisDOT District) for review. On December 4, 2002 they returned a copy of the plat certifying no objection.

COUNTY PLANNING AGENCY:

The Sheboygan County Planning & Resources Department is an objecting agency on this plat. On October 14, 2002 we transmitted copies to them for review. On October 24, 2002 they returned a copy of the plat certifying no objection.

Since there are no conditions of the certification of no objection , the plat may be submitted to the Village Board for approval. The Village, during its review of the plat, will resolve when applicable that the plat:

- complies with local comprehensive plans, official map or subdivision control ordinances;
- conforms with areawide water quality management regulations;
- complies with Wisconsin shoreland management regulations;
- resolves possible problems with storm water runoff;
- fits the design to the topography;
- displays well designed lot and street layout;
- includes service or is serviceable by necessary utilities.

Any changes to the plat involving details checked by this Department, the Department of Transportation, or the Sheboygan County Planning & Resources Department will require submission of the plat to the Department for recertification before the plat is eligible for recording. Such changes can be found by comparing the recordable document with the half-size copy furnished the letter recipients listed.

If there are any questions concerning this review, please contact our office, at the number listed below.

236.16 Layout requirements.

- (1) MINIMUM LOT WIDTH AND AREA.** In counties having a population of 40,000 or more, each lot in a residential area shall have a minimum average width of 50 feet and a minimum area of 6,000 square feet; in counties of less than 40,000, each lot in a residential area shall have a minimum average width of 60 feet and a minimum area of 7,200 square feet. In municipalities, towns and counties adopting subdivision control ordinances under s. 236.45, minimum lot width and area may be reduced to dimensions authorized under such ordinances if the lots are served by public sewers.
- (2) MINIMUM STREET WIDTH.** All streets shall be of the width specified on the master plan or official map or of a width at least as great as that of the existing streets if there is no master plan or official map, but no full street shall be less than 60 feet wide unless otherwise permitted by local ordinance. Widths of town roads platted after January 1, 1966, shall, however, comply with minimum standards for town roads prescribed by s. 82.50. Streets or frontage roads auxiliary to and located on the side of a full street for service to the abutting property may not after January 1, 1966, be less than 49.5 feet wide.
- (3) LAKE AND NAVIGABLE STREAM SHORE PLATS; PUBLIC ACCESS.**

 - (a)** All subdivisions abutting on a lake or a navigable stream shall provide public access at least 60 feet wide providing access to the water's edge so that there will be public access, which is connected to existing public roads, at not more than one-half mile intervals as measured along the lake or the navigable stream shore except where greater intervals and wider access is agreed upon by the department of natural resources and the department, and excluding shore areas where public parks or open-space streets or roads on either side of the navigable stream are provided.
 - (b)** No public access established under this chapter may be vacated except by circuit court action as provided in s. 236.43, except that such public access may be discontinued under s. 66.1003, subject to s. 66.1006.
 - (c)** Except as provided in par. (d), this subsection does not require any local unit of government to improve land provided for public access.

SURVEYOR'S CERTIFICATE

State of Wisconsin)
Sheboygan County) SS

I, Norbert F. Stachowski, Registered Land Surveyor, do hereby
certify:

That I have surveyed, divided and mapped "LAKE VIEW ESTATES",
being a subdivision of a part of Government Lot 4 of Section
26, Township 13 North, Range 21 East, in the Village of Random
Lake, Sheboygan County, Wisconsin, bounded and described as
follows:

Commencing at the Southeast corner of the said Section 26;
thence South 89°12'51" West on and along the South line of the
Southeast 1/4 of Section 26, 1612.34 feet to the point of
beginning of the land to be described; thence continuing South
89°12'51" West along said South line, 196.77 feet to a point;
thence North 07°54'50" East, 100.00 feet to a point; thence
South 89°12'51" West, 210.00 feet to a point that is North
89°12'51" East 28 feet more or less of the water's edge of Random
Lake and the beginning of a meander line; thence along the
following thirteen courses on a meander line on the shore of
Random Lake, North 39°40'17" East 129.91 feet; North 13°37'23"
East, 97.14 feet; North 31°54'14" West, 51.23 feet; North

a point; thence South 08°17'43" West, 168.68 feet to the point
of beginning. Including all lands lying between the water's
edge and the meander line.

That such plat is a correct representation of all the exterior
boundaries of the land surveyed and the subdivision thereof
made.

That I have made such survey, land division and plat under the
direction of the owners of said land.

That I have fully complied with the provisions of Chapter 236
of the Wisconsin Statutes and the subdivision regulations of
the Village of Random Lake, in Surveying, dividing and mapping
the same.

Coronavirus State & Local Fiscal Recovery Funds: Overview of the Final Rule

U.S. DEPARTMENT OF THE TREASURY

January 2022

RESPONDING TO THE PUBLIC HEALTH EMERGENCY

While the country has made tremendous progress in the fight against COVID-19, including a historic vaccination campaign, the disease still poses a grave threat to Americans' health and the economy. Providing state, local, and Tribal governments the resources needed to fight the COVID-19 pandemic is a core goal of the Coronavirus State and Local Fiscal Recovery Funds, as well as addressing the other ways that the pandemic has impacted public health. Treasury has identified several public health impacts of the pandemic and enumerated uses of funds to respond to impacted populations.

- **COVID-19 mitigation and prevention.** The pandemic has broadly impacted Americans and recipients can provide services to prevent and mitigate COVID-19 to the general public or to small businesses, nonprofits, and impacted industries in general. Enumerated eligible uses include:
 - ✓ Vaccination programs, including vaccine incentives and vaccine sites
 - ✓ Testing programs, equipment and sites
 - ✓ Monitoring, contact tracing & public health surveillance (e.g., monitoring for variants)
 - ✓ Public communication efforts
 - ✓ Public health data systems
 - ✓ COVID-19 prevention and treatment equipment, such as ventilators and ambulances
 - ✓ Medical and PPE/protective supplies
 - ✓ Support for isolation or quarantine
 - ✓ Ventilation system installation and improvement
 - ✓ Technical assistance on mitigation of COVID-19 threats to public health and safety
 - ✓ Transportation to reach vaccination or testing sites, or other prevention and mitigation services for vulnerable populations
 - ✓ Support for prevention, mitigation, or other services in congregate living facilities, public facilities, and schools
 - ✓ Support for prevention and mitigation strategies in small businesses, nonprofits, and impacted industries
 - ✓ Medical facilities generally dedicated to COVID-19 treatment and mitigation (e.g., ICUs, emergency rooms)
 - ✓ Temporary medical facilities and other measures to increase COVID-19 treatment capacity
 - ✓ Emergency operations centers & emergency response equipment (e.g., emergency response radio systems)
 - ✓ Public telemedicine capabilities for COVID-19 related treatment

- **Medical expenses.** Funds may be used for expenses to households, medical providers, or others that incurred medical costs due to the pandemic, including:
 - ✓ Unreimbursed expenses for medical care for COVID-19 testing or treatment, such as uncompensated care costs for medical providers or out-of-pocket costs for individuals
 - ✓ Paid family and medical leave for public employees to enable compliance with COVID-19 public health precautions
 - ✓ Emergency medical response expenses
 - ✓ Treatment of long-term symptoms or effects of COVID-19
- **Behavioral health care, such as mental health treatment, substance use treatment, and other behavioral health services.** Treasury recognizes that the pandemic has broadly impacted Americans' behavioral health and recipients can provide these services to the general public to respond. Enumerated eligible uses include:
 - ✓ Prevention, outpatient treatment, inpatient treatment, crisis care, diversion programs, outreach to individuals not yet engaged in treatment, harm reduction & long-term recovery support
 - ✓ Enhanced behavioral health services in schools
 - ✓ Services for pregnant women or infants born with neonatal abstinence syndrome
 - ✓ Support for equitable access to reduce disparities in access to high-quality treatment
 - ✓ Peer support groups, costs for residence in supportive housing or recovery housing, and the 988 National Suicide Prevention Lifeline or other hotline services
 - ✓ Expansion of access to evidence-based services for opioid use disorder prevention, treatment, harm reduction, and recovery
 - ✓ Behavioral health facilities & equipment
- **Preventing and responding to violence.** Recognizing that violence – and especially gun violence – has increased in some communities due to the pandemic, recipients may use funds to respond in these communities through:
 - ✓ Referrals to trauma recovery services for victims of crime
 - ✓ Community violence intervention programs, including:
 - Evidence-based practices like focused deterrence, with wraparound services such as behavioral therapy, trauma recovery, job training, education, housing and relocation services, and financial assistance
 - ✓ In communities experiencing increased gun violence due to the pandemic:
 - Law enforcement officers focused on advancing community policing
 - Enforcement efforts to reduce gun violence, including prosecution
 - Technology & equipment to support law enforcement response

Premium Pay

The Coronavirus State and Local Fiscal Recovery Funds may be used to provide premium pay to eligible workers performing essential work during the pandemic. Premium pay may be awarded to eligible workers up to \$13 per hour. Premium pay must be in addition to wages or remuneration (i.e., compensation) the eligible worker otherwise receives. Premium pay may not exceed \$25,000 for any single worker during the program.

Recipients should undergo the following steps to provide premium pay to eligible workers.

1. **Identify an “eligible” worker.** Eligible workers include workers “needed to maintain continuity of operations of essential critical infrastructure sectors.” These sectors and occupations are eligible:

- | | |
|--|---|
| ✓ Health care | ✓ State, local, or Tribal government workforce |
| ✓ Emergency response | ✓ Workers providing vital services to Tribes |
| ✓ Sanitation, disinfection & cleaning | ✓ Educational, school nutrition, and other work required to operate a school facility |
| ✓ Maintenance | ✓ Laundry |
| ✓ Grocery stores, restaurants, food production, and food delivery | ✓ Elections |
| ✓ Pharmacy | ✓ Solid waste or hazardous materials management, response, and cleanup |
| ✓ Biomedical research | ✓ Work requiring physical interaction with patients |
| ✓ Behavioral health | ✓ Dental care |
| ✓ Medical testing and diagnostics | ✓ Transportation and warehousing |
| ✓ Home and community-based health care or assistance with activities of daily living | ✓ Hotel and commercial lodging facilities that are used for COVID-19 mitigation and containment |
| ✓ Family or child care | |
| ✓ Social services | |
| ✓ Public health | |
| ✓ Mortuary | |
| ✓ Critical clinical research, development, and testing necessary for COVID-19 response | |

Beyond this list, the chief executive (or equivalent) of a recipient government may designate additional non-public sectors as critical so long as doing so is necessary to protecting the health and wellbeing of the residents of such jurisdictions.

2. **Verify that the eligible worker performs “essential work,”** meaning work that:

- Is not performed while teleworking from a residence; and
- Involves either:
 - a. regular, in-person interactions with patients, the public, or coworkers of the individual that is performing the work; or
 - b. regular physical handling of items that were handled by, or are to be handled by, patients, the public, or coworkers of the individual that is performing the work.

Water & Sewer Infrastructure

The Coronavirus State and Local Fiscal Recovery Funds may be used to make necessary investments in water and sewer infrastructure. State, local, and Tribal governments have a tremendous need to address the consequences of deferred maintenance in drinking water systems and removal, management, and treatment of sewage and stormwater, along with additional resiliency measures needed to adapt to climate change.

Recipients may undertake the eligible projects below:

PROJECTS ELIGIBLE UNDER EPA'S CLEAN WATER STATE REVOLVING FUND (CWSRF)

Eligible projects under the CWSRF, and the final rule, include:

- ✓ Construction of publicly owned treatment works
- ✓ Projects pursuant to implementation of a nonpoint source pollution management program established under the Clean Water Act (CWA)
- ✓ Decentralized wastewater treatment systems that treat municipal wastewater or domestic sewage
- ✓ Management and treatment of stormwater or subsurface drainage water
- ✓ Water conservation, efficiency, or reuse measures
- ✓ Development and implementation of a conservation and management plan under the CWA
- ✓ Watershed projects meeting the criteria set forth in the CWA
- ✓ Energy consumption reduction for publicly owned treatment works
- ✓ Reuse or recycling of wastewater, stormwater, or subsurface drainage water
- ✓ Security of publicly owned treatment works

Treasury encourages recipients to review the EPA handbook for the [CWSRF](#) for a full list of eligibilities.

PROJECTS ELIGIBLE UNDER EPA'S DRINKING WATER STATE REVOLVING FUND (DWSRF)

Eligible drinking water projects under the DWSRF, and the final rule, include:

- ✓ Facilities to improve drinking water quality
- ✓ Transmission and distribution, including improvements of water pressure or prevention of contamination in infrastructure and lead service line replacements
- ✓ New sources to replace contaminated drinking water or increase drought resilience, including aquifer storage and recovery system for water storage
- ✓ Green infrastructure, including green roofs, rainwater harvesting collection, permeable pavement
- ✓ Storage of drinking water, such as to prevent contaminants or equalize water demands
- ✓ Purchase of water systems and interconnection of systems
- ✓ New community water systems

Treasury encourages recipients to review the EPA handbook for the [DWSRF](#) for a full list of eligibilities.

Coronavirus State & Local Fiscal Recovery Funds: Overview of the Final Rule

ADDITIONAL ELIGIBLE PROJECTS

With broadened eligibility under the final rule, SLFRF funds may be used to fund additional types of projects— such as additional stormwater infrastructure, residential wells, lead remediation, and certain rehabilitations of dams and reservoirs — beyond the CWSRF and DWSRF, if they are found to be “necessary” according to the definition provided in the final rule and outlined below.

- ✓ Culvert repair, resizing, and removal, replacement of storm sewers, and additional types of stormwater infrastructure
- ✓ Infrastructure to improve access to safe drinking water for individual served by residential wells, including testing initiatives, and treatment/remediation strategies that address contamination
- ✓ Dam and reservoir rehabilitation if primary purpose of dam or reservoir is for drinking water supply and project is necessary for provision of drinking water
- ✓ Broad set of lead remediation projects eligible under EPA grant programs authorized by the Water Infrastructure Improvements for the Nation (WIIN) Act, such as lead testing, installation of corrosion control treatment, lead service line replacement, as well as water quality testing, compliance monitoring, and remediation activities, including replacement of internal plumbing and faucets and fixtures in schools and childcare facilities

A “necessary” investment in infrastructure must be:

- (1) responsive to an identified need to achieve or maintain an adequate minimum level of service, which may include a reasonable projection of increased need, whether due to population growth or otherwise,
- (2) a cost-effective means for meeting that need, taking into account available alternatives, and
- (3) for investments in infrastructure that supply drinking water in order to meet projected population growth, projected to be sustainable over its estimated useful life.

Please note that DWSRF and CWSRF-eligible projects are generally presumed to be necessary investments. Additional eligible projects generally must be responsive to an identified need to achieve or maintain an adequate minimum level of service. Recipients are only required to assess cost-effectiveness of projects for the creation of new drinking water systems, dam and reservoir rehabilitation projects, or projects for the extension of drinking water service to meet population growth needs. Recipients should review the supplementary information to the final rule for more details on requirements applicable to each type of investment.

APPLICABLE STANDARDS & REQUIREMENTS

Treasury encourages recipients to adhere to strong labor standards, including project labor agreements and community benefits agreements that offer wages at or above the prevailing rate and include local hire provisions. Treasury also encourages recipients to prioritize in their procurements employers with high labor standards and to prioritize employers without recent violations of federal and state labor and employment laws.

Coronavirus State & Local Fiscal Recovery Funds: Overview of the Final Rule

Broadband Infrastructure

The Coronavirus State and Local Fiscal Recovery Funds may be used to make necessary investments in broadband infrastructure, which has been shown to be critical for work, education, healthcare, and civic participation during the public health emergency. The final rule broadens the set of eligible broadband infrastructure investments that recipients may undertake.

Recipients may pursue investments in broadband infrastructure meeting technical standards detailed below, as well as an expanded set of cybersecurity investments.

BROADBAND INFRASTRUCTURE INVESTMENTS

Recipients should adhere to the following requirements when designing a broadband infrastructure project:

1. **Identify an eligible area for investment.** Recipients are encouraged to prioritize projects that are designed to serve locations without access to reliable wireline 100/20 Mbps broadband service (meaning service that reliably provides 100 Mbps download speed and 20 Mbps upload speed through a wireline connection), but are broadly able to invest in projects designed to provide service to locations with an identified need for additional broadband investment. Recipients have broad flexibility to define need in their community. Examples of need could include:

- ✓ Lack of access to a reliable high-speed broadband connection
- ✓ Lack of affordable broadband
- ✓ Lack of reliable service

If recipients are considering deploying broadband to locations where there are existing and enforceable federal or state funding commitments for reliable service of at least 100/20 Mbps, recipients must ensure that SLFRF funds are designed to address an identified need for additional broadband investment that is not met by existing federal or state funding commitments. Recipients must also ensure that SLFRF funds will not be used for costs that will be reimbursed by the other federal or state funding streams.

2. **Design project to meet high-speed technical standards.** Recipients are required to design projects to, upon completion, reliably meet or exceed symmetrical 100 Mbps download and upload speeds. In cases where it is not practicable, because of the excessive cost of the project or geography or topography of the area to be served by the project, eligible projects may be designed to reliably meet or exceed 100/20 Mbps and be scalable to a minimum of symmetrical 100 Mbps download and upload speeds.

Treasury encourages recipients to prioritize investments in fiber-optic infrastructure wherever feasible and to focus on projects that will achieve last-mile connections. Further, Treasury encourages recipients to prioritize support for broadband networks owned, operated by, or affiliated with local governments, nonprofits, and co-operatives.

3. Require enrollment in a low-income subsidy program. Recipients must require the service provider for a broadband project that provides service to households to either:

- ✓ Participate in the FCC's Affordable Connectivity Program (ACP)
- ✓ Provide access to a broad-based affordability program to low-income consumers that provides benefits commensurate to ACP

Treasury encourages broadband services to also include at least one low-cost option offered without data usage caps at speeds sufficient for a household with multiple users to simultaneously telework and engage in remote learning. Recipients are also encouraged to consult with the community on affordability needs.

CYBERSECURITY INVESTMENTS

SLFRF may be used for modernization of cybersecurity for existing and new broadband infrastructure, regardless of their speed delivery standards. This includes modernization of hardware and software.

APPLICABLE STANDARDS & REQUIREMENTS

Treasury encourages recipients to adhere to strong labor standards, including project labor agreements and community benefits agreements that offer wages at or above the prevailing rate and include local hire provisions. Treasury also encourages recipients to prioritize in their procurements employers with high labor standards and to prioritize employers without recent violations of federal and state labor and employment laws.

ORDINANCE NO. 2022-05

AN ORDINANCE TO CREATE SECTION 34-6(B)(1) OF THE TRAFFIC AND VEHICLE SECTION IN THE MUNICIPAL CODE OF THE VILLAGE OF RANDOM LAKE, SHEBOYGAN COUNTY, WISCONSIN

WHEREAS, the Village of Random Lake adopted the Traffic and Vehicles Code of Ordinances in 1994, followed by several amendments that have been enacted, and

WHEREAS, the Village Board of the Village of Random Lake believes it is in the best interest of the Village to regulate winter parking under Wisconsin Statutes Section 349.13(1e)(c)(2); and

WHEREAS, the Village Board finds that it is in the best interest of the health, safety, and welfare of the Village of Random Lake to regulate winter parking within the village limits.

NOW, THEREFORE, the Village Board of the Village of Random Lake, Sheboygan County, Wisconsin DOES HEREBY ORDAIN AS FOLLOWS:

SECTION 1: Section 34-6(b)(1) of the Village of Random Municipal Code is entitled, “Parking restrictions”, Article b entitled, “Winter parking prohibited”, Subsection 1 entitled “Length of time,” is hereby created as follows:

Sec. 34-6(b)(1) – Length of time

1. The parking regulations in section b may be extended or lifted by executive order of the Village President or Director of Public Works

SECTION 2: SEVERABILITY

The several sections of this ordinance are declared to be severable. If any section or portion thereof shall be declared by a court of competent jurisdiction to be invalid, unlawful or unenforceable, such decision shall apply only to the specific section or portion thereof directly specified in the decision, and shall not affect the validity of any other provisions, sections or portions thereof of the ordinance. The remainder of the ordinance shall remain in full force and effect. Any other ordinances whose terms are in conflict with the provisions of this ordinance are hereby repealed as to those terms that conflict.

Dear Mayor, Chairman or President:

Every December the Sheboygan County Sheriff's Department completes Joint Powers Agreements for each City, Village and Town municipality.

Please sign the agreement and return a copy to me by December 15, 2022. The agreement has to be filed with the State of Wisconsin in January. Last year, again, I didn't receive all of the returns on time. Please put these on your agenda as soon as possible to assure that they are returned on time.

Please email or mail the signed copy to:

Captain Cory Roeseler
Sheboygan County Sheriff's Department
525 North 6th Street
Sheboygan, WI 53081
Cory.roeseler@sheboygancounty.com

This year the copy is signed by me, so you can use this copy after you sign it.

Thank you for your time in this matter.

Sincerely,

Cory Roeseler
Sheriff

**JOINT POWERS AGREEMENT
COUNTY 911 EMERGENCY SYSTEM**

WHEREAS, Sheboygan County and the municipalities located within the boundaries of Sheboygan County have implemented an Emergency 911 System for the purposes of providing emergency services to residents and visitors of these municipalities, including fire fighting, law enforcement, ambulance, medical and other emergency services; and

WHEREAS, Sec. 256.35 (9), Wis. Stats., "Joint Powers Agreement," requires that in implementing a 911 system as has been done in Sheboygan County, municipalities shall annually enter into a Joint Powers Agreement, which Agreement shall be applicable on a daily basis and which shall provide that if an emergency services vehicle is dispatched in response to a request through the Sheboygan County 911 System, such vehicle shall render its services to the persons needing the services, regardless of whether the vehicle is operating outside the vehicle's normal jurisdictional boundaries.

THEREFORE, in consideration of the mutual promises, agreements, and conditions contained herein, it is hereby jointly agreed between Sheboygan County and the Town/City/Village of _____

_____, "municipality," as follows:
(Name of Town, City, Village)

1. That effective January 1, 2023, this Agreement shall, thereafter, be applicable on a daily basis from said date through December 31, 2023.
2. That if an emergency services vehicle operated by the municipality, or operated by an agency with which the municipality contracts for that particular emergency service, is dispatched in response to a request through the Sheboygan County emergency 911 System, such vehicle (whether owned and operated by the municipality or by the agency) shall render its services to the persons needing the services, regardless of whether the vehicle is operating outside the vehicle's normal jurisdictional (or as defined by contract) boundaries.
3. That a copy of this Agreement shall be filed with the State Department of Justice, as required by Sec. 256.35(9)(c) Wis. Stats.

Village Board Meeting
Monday, October 17, 2022
6:30 pm

LOCATION OF MEETING: 96 RUSSELL DRIVE

Meeting Minutes

1. Call to Order, Roll Call: President San Felippo called the meeting to order at 6:30 pm. Trustees present included Blaine Werner, Elizabeth Manian, Mike San Felippo, and Duane Urbanski. Eric Stowell, Barbara Ruege, and Keri Wallenkamp attended virtually. Village staff present included Clerk/Treasurer Stephanie Waala and DPW Director Peter Lederer. For additional attendees see attached sign-in sheet.

2. Pledge of Allegiance: Those present stood to recite the Pledge of Allegiance.

3. Public Comments.

Resident Staci Schluechtermann informed the board they should stick to the budget and the loan is unnecessary, especially the \$600,000 for fiber.

4. New Business:

- a. Discussion and Possible Action to approve Resolution 2022-11 pertaining to borrowing

Jon Cameron from Ehlers presented to the board the current proposed borrowing is through the state trust fund loan program. Not all funds need to be drawn at once and the loan can be refinanced if interest rates go down. Pre-payment of the TID portions is an available option if the TID closes early. The road project and equipment can be used as a tax basis.

After further discussion it was determined additional information is needed. This item was tabled, and no action taken.

- b. Discussion and Possible Action to transfer money from the Equipment account to Village General account for the purchase of a snowplow.

DPW Director Lederer informed the board this would be the backup plow on the truck to do village parking lots and can be transferred onto a new truck in the future.

Trustee Ruege made a motion to approve as submitted, motion was seconded by Trustee Werner. Motion carried 6-0.

- c. Discussion and review of the 2023 budget

Trustee Urbanski inquires about the rent money received from Aurora and if it is to be put into savings. President San Felippo informed the board the total for the year will be put into a capital account.

Trustee Wallenkamp inquires as to if the 6th DPW employee is still included in the budget. President San Felippo informed the board the potential 6th employee has been removed.

Trustee Stowell inquires about the Sheboygan County Economic Development costs of \$7,000 and why it was increased. President San Felippo informed the board in 2021 the SCEDC asked for an increase to \$10,000 and it

negotiated to do an increase to \$7,000 for the 2022 budget.

- d. Discussion and Possible Action to schedule the Public Hearing for the 2023 budget.

The Public Hearing is to be scheduled for November 7th at 6 pm.

5. Consent Agenda – items within the consent agenda can be considered individually if the Village Board chooses to do so:

- a. Approval of Payroll Vouchers for 10/06/2022: \$21,897.68
- b. Approval of Accounts Payable Check for 10/18/2022: General Fund \$53,965.29; TID # 4 \$990.00; Water Fund \$24,053.87; Sewer Fund \$89,874.87
- c. Approval of the October 3, 2022 and October 10, 2022 meeting minutes
- d. Operator License for Briana Lee Rickman

Trustee Wallenkamp made a motion to approve as submitted, motion was seconded by Trustee Stowell. Motion carried 7-0.

6. Staff and committee reports:

- a. Clerk/Treasurer Waala informed the board that in person absentee voting starts next week. Utility bills were due last week and there were a few inquiries to the rate changes but no negative feedback.
- b. Public Works Director Lederer informed the board that all road projects are complete, the crew is currently getting equipment ready for winter, leaf sweeping will begin soon, and bathrooms at parks will be shutdown by the end of the month.
- c. Committees
 - Personnel – Keri Wallenkamp informed the board they would be meeting soon to do a 90 day review for Carissa. Jeriod Dahm has been hired as a new DPW laborer and will be starting October 24th.
- d. President San Felippo informed the board and public that if catch basins get clogged with leaves during pickup please notify the DPW right away.

7. Consider and Act by Roll Call Vote to Enter into Closed Session for the following:

- a. Pursuant to SS. 19.85(1)(e) Deliberating or negotiating the purchasing of public properties the investing of public funds, or conducting other specified public business, whenever competitive or bargaining reasons require a closed session (Negotiation Purposes)
- b. Pursuant to SS. 19.85(1)(c) Considering employment, promotion, compensation, or performance evaluation data of any public employee over which the governmental body has jurisdiction or exercises responsibility (Employee Wages).

Trustee Ruege made a motion to move into closed session at 8:12 pm, motion was seconded by Trustee Stowell. Motion carried 6-0.

8. Reconvene to Open Session Pursuant to SS. 19.85(2)

Trustee Wallenkamp made a motion to move out of closed session at 9:48 pm, motion was seconded by Trustee Werner. Motion carried 6-0.

9. Possible Action on Closed Session matters.

Trustee Wallenkamp made a motion to have the DPW get quotes for additional camering of Spring St and Grand Ave

not to exceed \$12,000; motion was seconded by Trustee Ruege. Motion carried 6-0.

10. Adjourn at 9:50 pm

Items on the Agenda may be taken out of order as listed. Created by Stephanie Waala on 11/3/2022.

WI Open Meeting Law (Wis. Stat. 19.83(2) and 19.84(2)) In general, the open meetings law grants citizens the right to attend and observe open session meetings of governmental bodies but does not require a governmental body to allow members of the public to speak or actively participate in the body's meeting. A governmental body is free to determine for itself whether and to what extent it will allow citizen participation at its meetings.
