Hydrant Flushing: The Random Lake Department of Public Works will be flushing hydrants throughout the village this fall. Please remember there may be discoloration in your water during this process. It is recommended that you do not do laundry if your water is discolored. Running water for a short period of time will clear the lines after the flushing is complete. Please see our Facebook/website for updates.

Department of Public Works Reminders:

- ◆ Leaf Collection:
 - Leaf collection will start the third full week of October. Please watch emails and the sounder for more information.
 - Please remember that leaf collection is for LEAVES ONLY —Compost, yard waste, and branches will clog the leaf vacuum and street sweeper, causing costly repairs. If any of this is out in the curb, you will be responsible for cleanup as we will go around the pile to protect our equipment.
 - Keep vehicles off and away from leaf piles and please keep the piles at a manageable height for the vacuum truck to collect easily.
 - Leaf burning is allowed, but needs to be in the yard in which the leaves fall. **NO burning in the curb!**
- ◆ **Brush Pile will close for the season on Monday, November 22nd.**
- ◆ Garbage pickup for the week of Thanksgiving: Saturday, November 27th, 2021

WINTER REMINDERS

- Winter parking rules go into effect with the first measurable snowfall. The first measurable snowfall is when the streets are plowed (not just salted). This means there is **no parking** allowed on village streets between 2:45 a.m. and 7:00 a.m., until April 1st.
- Sidewalks along your property must be shoveled within 24 hours of the end of every snowfall (no matter how small).
- Snow is **not to be blown** into the street from any property or sidewalk, whether or not the plows have already passed.
