While driving to the village it was noticed that 4 streetlights were out around town. Can this be reported by the sheriff's office during their monthly reports. Asks that WE Energies link be put on the website and in the newsletter.

### 4. **Old Business:**

#### a. **Discussion and Update regarding water quality.**

Village Engineer Mustafa Emir informed the board that they have worked with the DW to create a flushing plan which included opening certain hydrants at certain times. They have been testing the water supply. One well has iron filters, and one does not. The one that does is functioning properly. Testing will be done on well water compared to user water to help determine problem areas. Complaints of chlorine smell were reported so testing will be done to check that as well. Currently looking at water level, water treatment, as well as water in the system.

Blain Werner informed the board that the church does not have this problem on 1<sup>st</sup> St. Could the problem potentially be the homeowners' piping. Requests this be verified before the village wastes money on more testing. President San Felippo informed the board that the hydrant flushing shows it could be both.

#### b. **Discussion and Possible Action regarding the Parking Policy & Procedure at Bob McDermott Lakeview Park.**

President San Felippo informed the board that with the new building at the park they could potentially have a tag station at the park attendant stand. This could also potentially lead to yearly passes for parking.

**c. Discussion and Possible Action regarding the Pavilion Rental Policy & Procedure at Bob McDermott Lakeview Park.**

Leaf pickup ended the 17<sup>th</sup>. Residents still put out leaves after that date, concrete blocks were in piles, dog waste, and large branches. This service is a courtesy and can be taken away. No discussion

**c. Discussion and Possible Action on approval of Solid Waste Services agreement with Waste Management.**

3. Overweight Containers. The Company may refuse to collect any Refuse or Recyclables Container which the Company reasonably believes to be overweight. A Container shall be considered "overweight" if the total weight of the Container and contents exceeds two times the volume capacity of said Container (e.g., 192 pounds for a 96-gallon Cart). Company will provide a call back on the next weekday.

Before any such changed services are implemented, Company and Town shall meet and confer in good faith to determine a fair and reasonable adjustment to the maximum rates set forth in Exhibit "A" in order to compensate Company for implementing said changed services.

n. Natural Disasters. Company will use commercially reasonable efforts to assist Town, at the Town's request, with emergency collection service in the event of major disaster, such as an earthquake, storm, riot or civil disturbance, by providing equipment and drivers based on negotiated services and rates between Town and Company. Town is not required to utilize the services of Company. In addition, where the disaster results in the loss of Service Recipient containers, Company shall replace the containers and Town shall reimburse Company for the cost of replacement.

## **5. SERVICE RECIPIENT BILLING.**

a. Service Recipient Billing. The Village shall invoice and collect payments from Service Recipients, and shall compensate the Company monthly for Collection Services, in a total amount based upon the service charges for Collection Services, as they may be adjusted from time to time, and any applicable additional charges, as provided in Exhibit "A". 8. Any other extraordinary circumstances or causes or reasons that are not within the reasonable control of Company.

If Company requests a Rate adjustment pursuant to this Section 6(c), it shall prepare a Rate adjustment request setting forth its calculations of the increased costs/lost revenue and accompanying adjustment to the Rates necessary to offset such increased costs/lost revenue. The Village may request documentation and data reasonably necessary to evaluate such request by Company, and may retain, at its own expense, an independent third party to audit and review such documentation and request. If such third party is retained, the Village shall take reasonable steps, consistent with Applicable Law, to protect the confidential or proprietary nature of any data or information supplied by Company. The Village shall approve all properly calculated Rate adjustments within ninety (90) days of Company's request, and the adjusted Rates shall be deemed to take effect as of the date of Company's request.

In addition, if the request is based upon any new or increased third party fees, taxes, assessments or charges, the Village shall approve the Rate adjustment within such time period as necessary to ensure that such fees, taxes, assessments or charges are passed on to Service Recipients by the date the same are effective.

Also, every year for Night of Lights we close down Carroll street. This year it is on Friday, December 1 from 4:30 - 8 PM.

I know it has to be approved by the Village Board. Sometimes Holli from Historical Society contacts you but want to make sure it gets on an upcoming agenda!
